SM-A-R-T-I (Drawing, Painting, Sculpture, and more)

Did you know that engaging in creative activities makes you smarter?

Researchers suggest that children exposed to arts and crafts are able to think "out of the box" since a lot of working with hands involve figuring out how to solve problems creatively. Art education also encourages neural development, fine motor skills, social tolerance, confidence, and helps understand other key subjects, such as: reading, writing, math, and science. Playing Cinema

Kids will:

- Select movies in consensus
- Enjoy films in a comfortable environment
- Actively discuss movies in a friendly manner
- Develop original creations inspired by the films (drawings, songs, short videos, costumes, dialogs, photographs). Anything is possible!

Every child will be able to share their products and enjoy others!

Playing cinema is a fun space in which kids will explore this art from a more active position, and an opportunity for them to expand their film culture.
